Petition from Kadur Dt

From

Mr. Hucha Rao, Secy, Koppa Town Impt committee

No. 1 em Dated 11-7-18 Received 19-7-18

Diary No. 759	Enclos	Spare Copies	Serial No 1

BRIEF ABSTRACT OF LETTER

Submits copy of the proceedings of the Koppa Town Improvement committee of 3-7-18 regarding the water supply of the Town and other matters

NOTES AND ORDERS

1 The question of inclusion of Koppa Town in the area under the operation of the Malnad Impt Scheme will be dealt with in the Sanitary Section of the Chief Secretariat routine note below

NOTES—First Sheet.

2) The newest paper for consideration in this file is the resolution of the Committee to the effect that 30 wells may be sunk instead of carrying out the water supply project sanctioned by Govt.

3) Submitted with the following reference on the subject

M 40-16-3 Pt.
M 894-12 Pt 1-9.

S

B

28 AM
24/7/18

4) Please see Flag A a doc has already been communicated to the Chief Engineer to start the water supply work almost immediately. The present proposal of the Town Improvement Committee of Kolhapur, goes back over the whole ground now traversed and, if the scheme which has been accepted after careful consideration is now to be abandoned, we will have to start again a fresh Expensive investigation, which does not appear to be necessary however. It will moreover be seen that the very persons who now propose the wells scheme proposed

the Tank scheme also (Flag B). Please see
ll 3 page 2 of file no 394-12 in which it is
pointed out that water supply from wells cannot
be depended on in Kolhapur town.
Subd for orders as regards reopening the question
on which pvial orders have been passed.

MK
26/7/16

Rev Secy)

5) I don't think the question
can be reopened now. It has
been fully considered already.

6) The only point requiring
attention is to see that the
estimate sanctioned is not
exceeded. The preliminary
estimate was for 15,000 Rs, &
the later actual sanctd estimate is
for Rs 24,000. The fear of the
petrs that there may be a
revised estimate for Rs 30,000
should be guarded against.

7) Perhaps the petn may be
sent to the Chief Engr with the
above remarks & on return amendt
may be given to petrs.

8) Approved

view and submits putting orders. The work might have been proceeded with, the question of excess cost being taken up when it actually came up for consideration. If time is taken up in preparing & revising estimates frequently actual work will not make any progress at all and the grants sanctioned by Govt lapse. These lapses have already been noticed by the Accountant General

from part 4 para 6

In this particular case, the town people do not seem to be enthusiastic over the Scheme. Please see Resolution No 2 of the Town Improvement Committee. The town people would be satisfied with 30 additional wells in place of the above scheme. But they seem to forget that during monsoons, the export of drainage water from the wells will be almost a stupendous enterprise. It is not known whether the wells scheme has been examined by any Engineer officer and whether the adoption of the same might successfully carried out within the amount now sanctioned. The Chief Engineer has not stated by how much the actual estimate is likely to be exceeded.

Rl. 3007-19

The amount of loan applied for by the municipality is not large and there be no difficulty in advancing it if the municipality is not with its present resources & the demands upon them in a position to repay the loan. It is not quite clear from the file what will be the annual maintenance charges of the Water Supply project. The Municipality has to bear these charges and also repay the instalments of the loan with interest due on it. If the work is sanctioned and started before these points are settled the municipality may be unable to carry out its promise of repayment of loan after arranging for the maintenance of the Water Works and there may be an application for treating the Govt loan as a gift to the municipality —

The loan if given should carry interest at the rate at which Govt themselves borrow — Rs 2 1/2 6 as Rs 2 1/2 %

Fin & Sec'y) 9/2/22

FINANCIAL SECRETARIAT 1580-21 10 FEB 1922

Pages 1 to 19

Please see paras 55 and 65 for financial opinion previously given The Cost of the project is estimated over Rs 32,000 of which half will be borne by Govt and half is to be met by the Koppa municipality. To meet its share of the cost the municipality wants a loan of Rs 6294 The Deputy Comr of Kadur thinks that the income of the Koppa municipality is likely to improve with the levy of fresh taxes so as to enable the municipality to discharge its liability to repay the loan with interest thereon in 15 years and to bear maintenance charges estimated at Rs 550 per annum. The point for consideration now is whether the PWD can find funds for the Govt share of cost in the sanctioned allotment for the year and whether loan asked for by the municipality to enable it to meet its share may be sanctioned as recommended by the Dy Comr.

25 The loan applied for is not the difficult part of the problem. As I have already stated the amount is small and Govt may advance it if the ability of the municipality to repay it with interest is assured. The assurance now however is not enough. If the municipality can impose more rates it should do so and make the money actually available for purposes for which it is intended. It will not do to simply count on the chances of improving its revenue.

26 The really difficult part of the problem is the Govt share of the project. I am extremely doubtful if the next years budget can include any provision for giving Water Supply Grants-in-aid to Local Bodies. Any such grant in-aid in current year is also impossible

No. B 1475

Mysore Public Works Department,
Central Office,
Dated Bangalore, 1st August 1919.

From

S. Cadambi, Esq.,
Chief Engineer of Mysore,
Bangalore

To

B.Ramaswamaiya, Esq., B.A., B.L.,
Secretary to Government,
Revenue Department,
Bangalore

Sir,

With reference to your No.16849, dated the 28th June 1919, enquiring why the work on Koppa town water supply was not started immediately on receipt of G.O. No.1091-4/Ml.40-16-34 dated the 17th July 1918, I have the honour to invite kind attention to your No. 2115/Ml.40-18-2, dated the 6th August 1918, issued subsequently to the above G.O., stating that "it should be seen that the estimate sanctioned is not exceeded" and that "the fear of the petitioners that there may be a revised estimate for Rs 30,000 requires to be guarded against".

2. In view of this, it was thought not desirable for this Department to start the work before first assuring itself that the estimate will not be exceeded, or obtaining further orders of Government, if an excess was anticipated.

3. As it was found that an excess could not be avoided, the matter was intimated to you and further orders of Government solicited in the matter.

4. In para 2 of your letter under reply, it is said that the work should be started immediately with the estimate sanctioned in the Government order of 17th July 1918.

5. As pointed out above, it is likely that that estimate will be largely exceeded, and I request the favour of clear instructions whether the work may be started immediately and the excess dealt with afterwards.

6. Some hesitation is naturally felt in actually incurring expenditure, when an excess is apprehended, without definite instructions from Government in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Chief Engineer of Mysore.

Sir,

With reference to your Letters Nos R 6528/M1.40-18-15 and R 12326/M1.40-18 dated 3rd December 1919 and 22nd April 1920 respectively, calling for the opinion of the Municipal Council of Koppa as to whether they are agreeable to pay their moiety of the additional cost of Rs.7876/-, towards the water supply of the town, I have the honor to state that they have, at their meeting held on the 8th instant, agreed to bear their quota of the excess. Regarding the payment of their share of the cost, viz, Rs. 6294/-, they propose to pay Rs.10000/- out of the amount of Rs. 12826/- at their credit in the Treasury at the end of April 1920, and apply to Government for a loan of the balance of Rs 6294/- on condition of repaying it in annual instalments of Rs1000/-. A copy of their resolution is herein enclosed I request that Government may be pleased to grant the prayer of the Municipal Council and sanction the estimate and direct the work to be put on hand at once. A provision of Rs.8000/- is made on this account in the budget estimates of the Municipality for the current year under the head Public Works carried out by the D P W .

No. R 4042 Dt 21.9.20

Sir,

With reference to your letter, No. Ml. 58 of 17-18 dated 18/20th May 1920, stating that the Municipal Council of Koppa are agreeable to pay their moiety of the excess ~~cost~~ of Rs. 7876 over the amount of the original estimate for the Water Supply of the town and that they propose to devote 10,000/- ~~Rs.~~ at their credit in the Treasury for this work and apply to Government for a loan of the balance of Rs. 6294 required to make up their share of the total ~~work~~ cost on condition of repaying it, by annual instalments of Rs. 1000/- , I am directed to ~~point out~~ that the Municipality will also have to bear the annual maintenance charges which are estimated at Rs. 550/-. In addition to ~~this they will have to pay annually~~ Rs 1000/- towards the repayment of the loan and ~~also~~ the interest on the total amount of the loan advanced at the same rate at which Government themselves ~~are able to~~ borrow. Considering the present resources of the Municipality and the demands thereon it would seem that the ~~Municipality~~ the Municipal Council will not be in a tion to discharge their liability in the proposed I am therefore to request you

to place this matter question once again before the Municipal Council in order that a more feasible proposal may be worked out if possible.

I have etc ,

Rev. Secretary to Government.

SUBJECT

Recommend that under the circumstances represented the loan of Rs 6294 applied for by the Municipal Council of Kolar may be granted and sanction accorded to the rate of 8½ per cent.

Office of the Deputy Commissioner,
Kadur District

Chikmagalur, Dated 26th January 1922.

From

K. MYLAR RAO, Esq , B.A , B.L.,

DEPUTY COMMISSIONER,
KADUR DISTRICT

JUDICIAL SECRETARIAT. L.5007. 11 JAN 1922

To

C. VENKATA RAO, Esq , B.A ,

SECRETARY TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE,
REVENUE DEPARTMENT,
BANGALORE

SIR,

With reference to the correspondence ending with your letter No.R.8544/M1.40-18-25 dated the 1st February 1921, calling for my opinion as to whether the Municipal Council of Koppa will, in its present financial condition, be able to meet the additional liability in case it is granted a loan of Rs 6294/- to make up its quota of the cost of water supply to Koppa, I have the honour to state that the normal income of the Municipal Council, according to the budget estimates for the current year, is -- Rs 2875/-, against which there is a normal expenditure of Rs 2102/-, so that the income is in excess of the expenditure of Rs 773/- In case the loan applied for by the Municipal Council be granted, it will have to pay, every year for a period of thirteen years, Rs 731/- towards the repayment of the loan and its interest at 7 per cent per annum, bearing in addition a sum of Rs 550/- every year towards the cost of maintenance

2 Minor Municipal Councils have been recently authorised to collect Octroi, market fees, taxes on professions

63

professions and trades, &c. The income of the Koppa Municipality is likely to improve with the levy of these taxes so as to enable the Municipal Council to discharge the aforesaid liabilities. I beg to recommend in these circumstances, that the loan applied for by the Municipal Council may be granted and sanction accorded to the water supply project.

I have the honour to be,

Sir,

Your most obedient servant,

S Narayana Rao

Read:-

Government Order No.1091-4/Ml. 40-16-34 dated 17th July 1915 sanctioning the proposal of the Kappa Town Municipal Council to contribute a moiety of the cost amounting to Rs.12,356 in connection with the water supply project sanctioned in Government Order No.2496-9/P.W 12479-92 dated 24th November 1917.

Correspondence ending with letter No.M.3229 dated 12th September 1919 from the Chief Engineer stating that the estimate sanctioned for the Kappa Water Supply in the Government Order referred to above will be exceeded by Rs.7,376.

Further correspondence ending the Un-official Note of the Chief Engineer dated 22nd August 1922 stating that as it is understood that the Municipal Council is prepared to pay Rs.15,000 the work may be started this year with this grant, the Government share being given during 1923-24.

Order-No. L 3000-3002 Ml 40-18-27

Dated Bangalore, the 16th October 1922.

It is understood that the Municipality has at its credit a sum of Rs.13,000 and odd and that it has agreed to place Rs.10,000 at the disposal of the Government at once, towards the water supply project The cost of the estimate being about Rs.30,000 it has to contribute Rs.15,000 being half the cost of the scheme. The Municipality wants to borrow the balance of Rs.6000 from Government. By the time the work is completed it is expected that the Municipal Council will be able to save this sum and that no necessity will arise for borrowing Government therefore direct that the work be started at once and the full sum of Rs.15,000 which the municipality will provide this year be entered upon. Provision will be made next year for the Government's share of the cost as proposed by the Chief Engineer.
